

NATURAL-IMMUNOGENICS CORP.

Sovereign Immune Defense

January 2008

Re: SAFETY statement regarding Natural-Immunogenics' Sub-Nanoscalar Bio-Active (Oligodynamic) Silver Hydrosol (Sovereign Silver®)

The media is awash with video of a man by the name of Paul Karason, who apparently suffers from Argyria, a benign medical condition evidenced by "bluing" of the skin that may occur with over-consumption of silver compounds made by homemade colloidal silver generators. Silver compounds, such as silver salts and silver proteins are the only forms of silver documented to cause this condition, not isolated silver cations (Ag^+) in colloidal suspension.* **Natural-Immunogenics does NOT produce silver compounds in ANY of its products.** Sovereign Silver® contains the safest form and concentration of isolated silver cations (Ag^+) in ultra-pure water – and nothing else!

Natural-Immunogenics has done more to provide evidence of safety for Sovereign Silver®, than any other silver colloid manufacturer in the world. Natural-Immunogenics Corp. has not only relied upon the good guidance of the EPA when labeling dosage amounts, but it has also employed independent third party experts to further insure product safety (you can link to the studies listed below that were done by Covance Laboratories - an FDA-approved laboratory).*

- *For In Vivo Acute Oral Toxicity from Covance Go Here:** <http://www.natural-immunogenics.com/pdf/InvivoAcuteOralToxicity1.pdf>
- *For Chromosomal Aberrations from Covance Go Here:** <http://www.natural-immunogenics.com/pdf/In%20vitro%20Chromosomal%20Aberrations.pdf>
- *For Reverse Mutation from Covance Go Here:** <http://www.natural-immunogenics.com/pdf/In%20vitro%20Chromosomal%20Aberrations.pdf>
- *For Natural-Immunogenics White Paper on Safety Go Here:** <http://www.natural-immunogenics.com/pdf/SS-White%20Technical%20Paper%200002-SafetyInformation-01-23-033.pdf>

Based upon the Reference Dose for Chronic Oral Exposure (RfD) as determined by the U.S. E.P.A. (CASRN 7440-22-4), **the average adult could safely consume 178,850 teaspoons of Sovereign Silver® over 70 years** and still fall below the Lowest Observed Adverse Event Level (LOAEL). Go here to review the EPA study: <http://www.epa.gov/iris/subst/0099.htm>

Yours in Sovereign Health,

Robert S. Bell, D.A. Hom.
