

**Hadley Wood Healthcare's Omega-3 50:20;
the Ultimate in fish oils**

Getting your optimal intake of Omega-3 has never been easier. Our Omega-3 50:20 product delivers the highest concentration of EPA and DHA available in a fish oil supplement; 50% and 20% (+/- 5%) respectively. What's more, we ensure the purity of our product, which has been through multiple purification stages including molecular distillation. All batches are tested for heavy metal contamination and fully comply with EU recommendations on permissible levels.

Recommendations: 1-2 capsules daily, best with food

Caution: Fish oils may interfere with anticoagulant medications such as warfarin. Consult your doctor or pharmacist.
